

Clinical and Dispensing Audiologist – ENT Setting

Lawrence Otolaryngology has an exciting opportunity for a highly motivated, independent audiologist comfortable working in a fast paced clinical setting. Our practice is a well-established, successful ENT practice with three physicians and two audiologists.

Working closely with our ENT physicians, the Audiologist will provide a wide array of services – both in diagnostics, and in the fitting and follow up of hearing instrument services. The successful candidate will possess strong interpersonal skills and have a passion for providing excellent patient care.

This position is desired for full-time, but an appropriate part-time candidate will also be considered.

Primary Responsibilities

Basic and advanced diagnostic testing, including ABR, OAE and ENG
Hearing aid evaluation, fitting and follow-up care
Work with pediatric through geriatric population
Coordinate patient care with other healthcare providers

Qualifications

Computer expertise (Word, Excel, NOAH, proprietary instrument software)
Teamwork skills, as well as ability to work independently
Strong organizational skills
The ability to interact professionally at all times with patients, physicians and team members
Excellent counseling skills
Master's or AuD degree in Audiology
Kansas Audiology license or eligibility for licensure
ASHA Certification or equivalent

We offer an attractive compensation package and a lucrative commission program, plus a benefits package which includes paid time off, health and dental insurance available, flex plan, Profit Sharing and 401K.
