

William C. Kinney, MD, MHA • Troy D. Scheidt, MD • Mahlon R. Van Delden, MD

Clinical Audiologist Columbia, Missouri

Missouri Ear, Nose and Throat Center, LLC located in Columbia, Missouri is currently seeking to find a highly motivated audiologist to join our staff. The position is listed as full time, but would consider filling with at least 3 days per week coverage. We provide diagnostic services for children and adults. These services encompass diagnostic hearing tests, hearing aid dispensing and fitting, bone anchored hearing devices, as well as cochlear implant evaluations and mapping. This individual will work closely with patients, parents, schools, early intervention programs, fellow audiologist, and our three ENT physicians.

Missouri Ear, Nose and Throat Center, LLC is a quickly growing private ENT/Audiology practice which opened two years ago. The clinic is furnished with new audiometric equipment and sound booths. Requirements for the position include being a self initiator, goal oriented, possessing an understanding of business practices, and a desire to stay current on best practices in audiology. Candidate must have a Master's Degree in Audiology or AuD and a current Missouri license in audiology. If you have a desire to be part of our team with exciting opportunities for growth please submit your resume to hopkinsm@moentcenter.com.
