

**HENRY FORD HOSPITAL  
DIVISION OF SPEECH-LANGUAGE SCIENCES & DISORDERS  
POSITION ANNOUNCEMENT**

**2012-2013 CLINICAL FELLOWSHIP PROGRAM**

**Starting Date:** Tentatively June 4, 2012

**Specialty Area:** Combination of Adult and Pediatric emphasis

**Clinical Fellow Program**

The Division of Speech-Language Sciences & Disorders is pleased to announce the availability of clinical fellowship position(s) in Medical Speech-Language Pathology to begin approximately June 1, 2012. These appointments will be approximately 12 months.

The fellowship provides for completion of all requirements of the ASHA Certificate of Clinical Competence. There is the opportunity to participate in other educational experiences available at the hospital in addition to the core curriculum. The program is designed to prepare individuals for eventual independent practice in medical settings.

The CFY program is composed of a series of clinical rotations in the area of emphasis (adult or pediatric) and observation experiences in other areas (e.g. specialty clinics). Clinical fellows will be supervised by a variety of clinicians to expand their repertoire of clinical practice patterns.

**About the Division**

Speech-Language Sciences & Disorders was established at Henry Ford Hospital in 1988 as a division of the Department of Neurology. Child areas of excellence include infant and toddler services with consultation and direct treatment models for pediatrics. Adult areas of excellence include neurogenic communication disorders (inpatient and outpatient), voice disorders and pathologies, stuttering, and dysphagia. Clinical programs are offered at the main hospital and in various satellite sites of the Henry Ford Health System.

**Requirements**

Persons interested in applying for the fellowship program should meet the following requirements:

1. Completion, by May 31, 2012, of all requirements for the masters degree from a graduate program in Speech-Language Pathology;
2. Satisfactory completion of all clinical requirements (except CFY) for ASHA Certification;
3. Commitment to professional development;
4. Current work visa for all non-U.S. citizens

**To Apply:**

Forward a cover letter, resume, transcripts, and three letters of recommendation by March 2, 2012 to:
